# 1 Features

## 1.1 Application /Construction

Mini in-line enclosure with 2 input-output ports for drop cables.

Made of high impact UV resistant polycarbonate.

Name	EXTERNAL PROTECTIVE ENCLOSURE FOR 2-PORT INTERCONNECTION - 2 MERGERS   WITH RETAINING CLIP TO HOLD THE MERGER_IP65
Application	Indoor and outdoor installation
Photos	

## 1.2 Features

It is very useful for repairing cables due to breakages, either by using the adapter or by fusion.

It can also be used to make the transition between the outdoor cable and the indoor cable.

Its IP65 level is suitable for wall installations but not for flooded manholes.
